 - Maintain control of your dogs at all times. Do not allow them to interfere with other training tests or other trainers' dogs.
 - Do not enter a training area if someone is there, until signaled to do so.
 - Do not block the entry to training areas. Park so that other vehicles can pass
2. Area use precedence will normally follow a first-come, first-served basis. However members are requested to be considerate of those members whose employment may restrict the times available for their use of club grounds.
3. Do not plan or show up to train on the club grounds on those days when work parties are scheduled. To train in front of members who have forfeited their opportunity to train is an exercise conducted in extremely poor taste.
4. The humane treatment of dogs is absolutely essential. Educated and humane pressure for training purposes is allowed. Abusive treatment of dogs in any form will not be tolerated. Uneducated and excessive pressure is considered abusive.
5. Please "air" dogs in designated area which is north of the North East Pond or "off-premises".
